## SUPRASHINE DIAMOND CLEANING

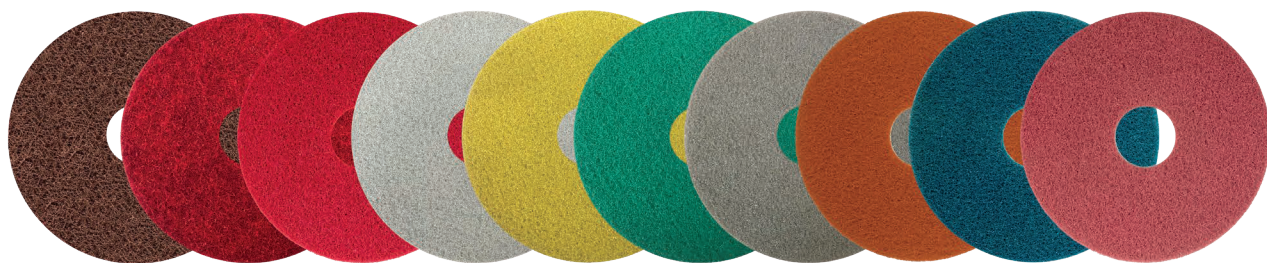

**Start diamond cleaning - with 4 easy steps to cut expenses**

- 1 Request a visit from our technical and commercial advisor to your facility.** You will get theoretical knowledge and learn about the differences between diamond cleaning and classic chemicals + pad cleaning. Our advisor will verify the floor quality, the diameters of the pads on your cleaning machines and select the appropriate gradations of the diamond pads.
- 2 Free diamond pad tests**  
The terms & conditions you have to meet are that all your cleaning machines must be equipped with our diamond pads and the floor must be cleaned for 2-4 weeks free of charge. You will find out that this gives the optimum solution for you and will entitle you to receive a discount on your first order.
- 3 Get a PARTNER discount on your first order and first year for cooperation.**  
After completing the diamond pad testing process, you will receive a prior cleaning cost calculation. We suggest you to order Suprashine pads for the first time on all cleaning machines for a period of 3-4 months.
- 4** Get both support and assistance from our advisor who will support your staff with daily and periodic maintenance, cleaning and floor renovation.

# SUPRASHINE

## THE MOST COMPLETE & EFFECTIVE RANGE OF PADS FOR FLOOR RESTORATION & MAINTENANCE

Offered in several types and grit sizes for different applications from restoration and deep cleaning to gloss upgrade and daily maintenance.

Available in all popular sizes from 5" to 28" diameter. Also, available in rectangular shapes.

No special equipment needed - compatible with most low-speed and high-speed floor machines. Use with velcro pad holder for best results.

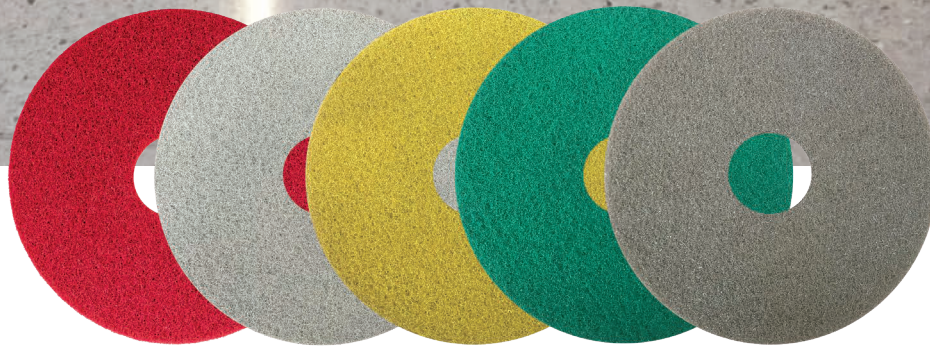

No chemicals required - use with water.

Simple and easy process to save you time and money.

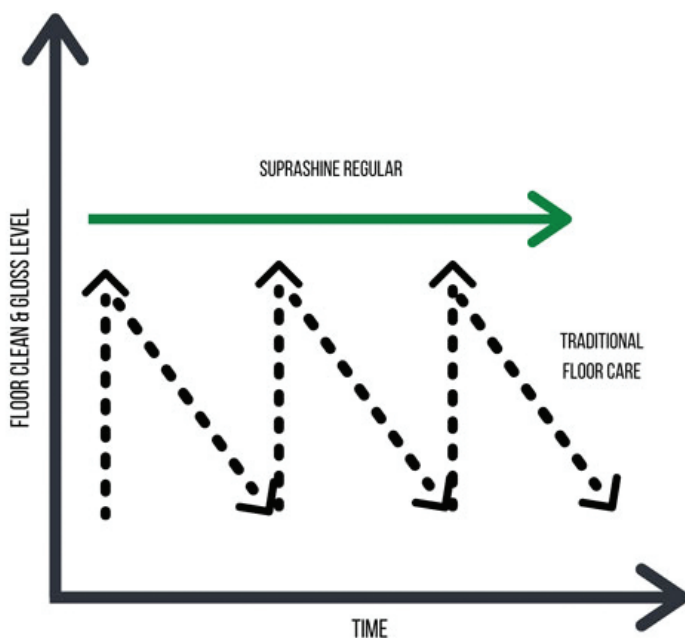

### FAST RESULTS WITH MINIMUM EFFORT

# SUPRASHINE REGULAR REGULAR PADS

400 GRIT | 800 GRIT | 1800 GRIT | 3500 GRIT | 8000 GRIT

Professional range of pads with flexible material to deep clean, upgrade and maintain all types of coated and coated, hard and resilient floors.

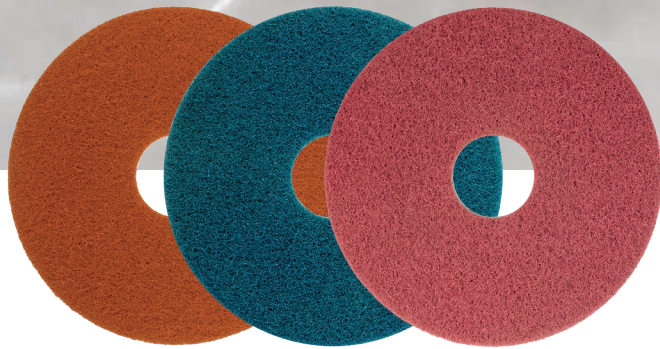

## VERSATILE & EFFICIENT

Use with low-speed and high-speed floor machines with water only.

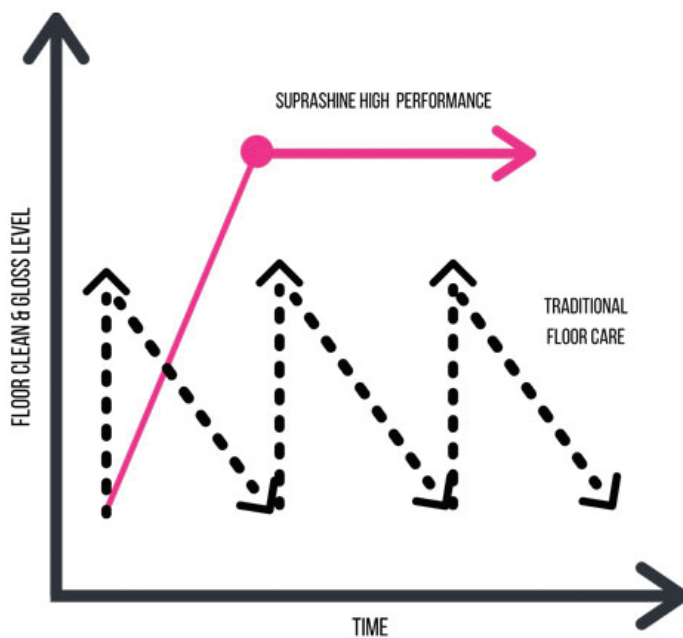

# SUPRASHINE HP HIGH PERFORMANCE PADS

**2x**

800 GRIT | 1800 GRIT | 3500 GRIT

A dedicated range of pads with flexible material for daily maintenance of **HIGH TRAFFIC** floors.

## ONE PAD SOLUTION

Upgrade any floor during daily cleaning, no matter weather & traffic conditions.

# SUPRASHINE HD HEAVY DUTY PADS

220 GRIT | 400 GRIT

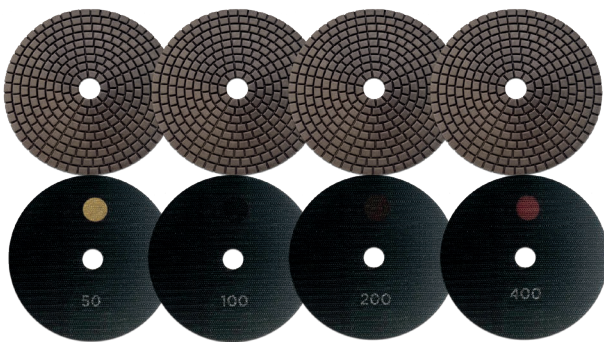

## FAST & EASY

Chemical-free stripping with water only.

SupraShine HD tough material is meant for surface preparation and to remove extreme dirt - a real problem solver in difficult cases where more cleaning power is needed.

# SUPRASHINE HYBRID TOOLS

50 GRIT | 100 GRIT | 200 GRIT | 400 GRIT

## RESTORATION MADE SIMPLE

Attach the 5" hybrids to a standard pad. Use with low-speed machines and water.

A complete range of tools from 50 to 400 grit designed to restore surfaces - eliminate stains, scratches and orange peel, and achieve a smooth surface. Suitable for concrete, terrazzo and natural stone.
